## CLM Malleefowl Nest Surveying DEHSA 2010/11

### REPORT

6<sup>th</sup> January 2011.

CLM members surveyed the following MF Grids in Danggali Conservation Park, Chowilla Region Reserve & Karte Conservation Park in December 2010 and January 2011.

Two 4WD vehicles Travelled 1,020 kms.

Eight CLM members surveyed the MF grids volunteering 152 hrs MF nest surveying and 22 hrs MF Administration.

One active Malleefowl nest was found on Danggali MF grid/nest S05-07.

The Mallee was still very wet with large areas of water still lying around, at least two water crossings were crossed travelling to and from Danggali & Chowilla malleefowl grids.

***Tracks from Dogs / Foxes seen in Karte CP, shooters also seen driving & shooting in park.***
